SUMMARY

Passionate about creating innovative mobile applications, I am a Full Stack developer currently pursuing a Master of Computer Applications (MCA) at Sacred Heart College. I successfully designed and implemented a pharmacy management system that streamlined inventory management and enhanced user experience, achieving a 4.8 out of 5 satisfaction rating. With strong skills in Java and Firebase integration, I am dedicated to delivering high-quality software solutions and am eager to contribute my technical expertise to a collaborative development team.

EDUCATION

B. Sc Computer Science	GPA
Thiruvalluvar University	4.0/6.0
2020 -2023	Vellore, India

Master of Computer Application	GPA
Thiruvalluvar University	4.0/6.0
2023 -2025	Vellore, India

Diploma In Cyber Security	GPA
Thiruvalluvar University	4.0/6.0
2024 -2025	Vellore, India

PROJECTS

1.Web-Based Pharmacy Management System
Designed and implemented a web application for pharmacy management that streamlined inventory control, optimized stock tracking, and facilitated order processing. The project enhanced operational efficiency and received positive feedback for its user-friendly interface. Technologies used include HTML, CSS, JavaScript, and PHP for the backend, with XAMPP as the database.

2.Android Pharmacy Management App
Developed an Android application for pharmacy management, providing features like medicine search, order placement, and real-time inventory updates. Integrated Firebase for database management and authentication, ensuring a seamless and secure user experience. The app achieved a 4.8 out of 5 satisfaction rating from users.

TRAINING / COURSES

Python for Data Science
(NPTEL, Jan-Feb 2024).

SKILLS

HTML CSS JavaScript PHP

Python Java ASP.NET

MySQL SQL

Android Firebase

LANGUAGES

Tamil - Native

English - Advanced

TECHNICAL SKILLS

Tools: Firebase and Android Studio

PASSIONS

Continuous Learning and Development:

A passion for acquiring new skills, staying updated on industry trends, and pursuing professional development opportunities.

Collaboration and Teamwork: Enjoying working in teams and valuing diverse perspectives to achieve common goals.
